# 1971 municipal financial reports

**VOLUME 2J** 

municipalities situated within
the districts of
manitoulin, nipissing,
parry sound, sudbury,
timiskaming

### **FOREWORD**

It gives me pleasure to release the 1971 MUNICIPAL FINANCIAL REPORTS DATA publications.

These new publications, which replace the "Summary of Financial Reports of Municipalities", represent a further step along the road to meaningful local sector financial information. This new series includes certain useful information not previously available. Further, the presentation of the data has been substantially altered to meet the needs of specific user groups. Lastly, these releases represent the culmination of the development of an automated system created to generate these publications. The reader is invited to refer to the Introduction immediately following for further elaboration.

## INTRODUCTION

General: The 1971 series of publications, which replaces the "Summary of Financial Reports of Municipalities" (S.F.R.M.), mark the first phase of customized, computer-based information reports produced by the Ontario Municipal Finance Information System (O M F.I.S.), within the Municipal Finance Branch, Ministry of Treasury, Economics and Intergovernmental Affairs

Development and data conversion problems caused the delay in the production of this first series. The equivalent 1972 series is scheduled to be available in the fall of 1973

Demands for municipal information are increasing both within and outside the Province. This makes it imperative that the basis of such information, primarily the annual municipal Financial Reports, be both accurate and available promptly after the end of the year to which the data relate. In order to achieve the fall deadline for future years, it will be necessary to adhere far more strictly to the statutory filling date of March 31st. In turn, this will mean that it will not be possible to accept Financial Reports for inclusion in the publications, which are filled long after the March 31st deadline.

With the increased flexibility which has been incorporated in the new automated system, it will be possible in the future, to provide more meaningful information geared to specific user requirements.

#### Series of 1971 Publications

Volume 1, Part 1: The Aggregate Scene: Presents a summary of data for all the municipalities in the Province. The equivalent 1970 data are to be found on pages XXVI to XXXVII of Volume 1 of the 1970 S.F.R.M.

Volume 1, Part 2: Highlight Items: Larger Municipalities: An analysis of highlights data is given for the larger municipalities (5,000 population or greater), including, in addition, each municipality in the metropolitan, regional and district areas.

Volumes 2A — 2J: Municipal Financial Reports Data: An analysis of data for all municipalities in the Province configured on an upper tier (metropolitan, regional, district and county municipalities) basis. These data contain not only the detailed data that have been produced historically, but are presented on an upper tier configuration with the information grouped geographically, so that the reader is not burdened with unnecessary information.

Index: A master index appears at the back of all Volumes which keys the reader to the Volume, Part, and page number where data for a particular municipality appear

The "Commentary" which appeared in Volume 1 of the 1970 S.F.R.M. does not appear in this new series of publications. The equivalent data that appeared in the "Commentary" will be incorporated in separate publications, and only the "Highlights" information features in this series

Volume 1 (Parts 1 and 2) will be circulated to all the regular recipients of the previous series Volumes 2A — 2J are configured on an adjacent, upper tier basis rather than by population, as formerly was the case. These latter Volumes comprise ten separate publications, and each municipality will automatically receive the appropriate Volume 2 publication. The complete set of the Volumes 2A—2J are available on request

Because the methods of summarization, presentation of the data, and certain terminology are somewhat changed, the remaining comments have been prepared as a guide to the reader.

Although the comments and data in each of the two Volumes are freestanding, a reader is advised to study the "Guide for the Reader" in both Volumes before comparisons and analyses are conducted

#### Guide for the Reader

- 1 Information for two municipalities was not available for inclusion in these publications. These two municipalities are: the Township of Manvers (Northumberland and Durham County), and Gwillimbury, West (Simcoe County). The exclusion of data for these two municipalities is statistically insignificant.
- The dollar figures, except ratios, have all been rounded to the nearest \$'000s, with the further exception of dollar figures used in the footnotes. This means that horizontal and vertical totals may not equal the sum of the components.
- 3. Every effort has been made to make a reader's task easier, by reducing the number of footnotes to a minimum, consistent with accurate and meaningful reporting. It will be noticed, therefore, that throughout these publications only significant items have been made the subject of footnotes.

#### Volume 2, Parts A - J

The reader is advised to consult, in addition to these notes, the "Introduction" to Volume 1. The following comments are generally restricted to items unique to this Volume.

The information is presented in the following format:
 Metropolitan Toronto Area — Part A
 Niagara Regional Area — Part A
 Ottawa-Carleton Regional Area — Part A

York Regional Area — Part A Muskoka District Area — Part A

Counties: Parts B - J: certain adjacent countles are grouped together in one Part. Thus, every municipality, both upper and lower tier, is listed in one of the Parts.

- 2. In the case of the metropolitan, regional and district areas, the total lines are after the "contra" items have been removed.
- 3. As in Volume 1, "N.A." means "Not Applicable" and "NEGL" means "Negligible in amount"

#### Demographics

Population: Please refer to comments pertinent to Volume 1 Households: Please refer to comments pertinent to Volume 1

#### **Equalized Taxable Assessment**

Identical to "Provincial Equalized Taxable Assessment" and "Taxable Assessment Equalized" in Volume 1.

#### Assessment for Current Year

Taxable by School Support: Public; Separate; Total: Identical to "Assessment Used for 1971 Taxes" in Volume 1.

As Per Return By Property Class: Identical to the equivalent data in Volume 1, with the addition of a "Total" column.

Each Property Class — % of Total: Shows the size of each of the four classes of property, in percentage terms, relative to the total assessment.

#### Residential and Farm Tax Burden

Per capita; % Total Taxation: Indicates the residential, and farm taxation (municipal and school purposes) per capita, and as a percentage of total taxation (municipal and school purposes).

#### Tax Roll Analysis

Identical to corresponding figures in Volume 1.

#### Current Year End Tax Arrears

Identical to corresponding figures in Volume 1.

#### Year End Taxation Details

Identical to corresponding figures in Volume 1.

#### Pertinent Current Year Items

Identical to corresponding figures in Volume 1.

#### Revenue Fund, Revenues

Presents the same information that appears in Volume 1 with some small differences in the order of the items, and in the terminology used

#### Revenue Fund: Revenue Component Analysis

This new analysis displays the relative size, in percentage terms, of the components of Revenue Fund: Revenues. Because of rounding, the sum of the components may not total to 100%

#### Revenue Fund: Own Expenditures

Identical to the "Statements of Expenditure: General Municipal Expenditures" in Volume 1.

#### Revenue Fund: Transfers

Identical to the "County: Share of Expenditure" and "Education — Local Contributions" in Volume 1.

#### Total Own Expenditures and Transfers

Identical to "Total Expenditure" in Volume 1.

#### Revenue Fund Surplus/Deficiti

Identical to "Excess/(Deficiency) of Revenue in 1971" in Volume 1.

#### Own Expenditures and Transfers: Component Analysis

This new analysis displays, at the main function level, the relative size, in percentage terms, of the components of Revenue Fund: Own Expenditures and Transfers.

#### Capital Fund: Sources

Very similar to the corresponding figures in Volume 1.

#### Capital Fund: Own Applications

Identical to the corresponding figures in Volume 1.

Capital Fund Transfers

Identical to the corresponding figures in Volume 1,

#### Total Own Applications and Transfers

The total of the two previous items.

#### Capital Fund Liquidity Change

This item represents the year's excess of Capital Fund: Sources, over, Total Own Applications and Transfers, or vice versa.

#### Net Long Term Debt Reconciliation

Very similar to the corresponding figures in Volume 1.

Net Long Term Debt

Identical to "Total Net Long Term Liabilities: Per Capita; As Per Cent of Equalized Assessment" in Volume 1.

#### Net Long Term Debt Charges Analysis

Very similar to the corresponding figures in Volume 1.

#### Concluding Comment

These publications represent the first step towards the provision of fully-integrated municipal information. In the future, with increasing demands at all levels of government for this type of information, the Ministry will be better able to answer both generic and ad hor requests. The process of development and refinement is, by its very nature, an on-going one, and the Ministry welcomes constructive criticisms and suggestions about the format and contents of these publications. Such comment, and any inquiries about the contents of these publications, should be addressed to:

#### 1971 HIGHLIGHTS

- 1971 population exceeds 7,388,000 persons. The year to year absolute increase,
   173,000 persons, is the biggest of the past decade. The relative increase,
   2.4%,
   is slightly higher than the 2.2% average for the previous ten years.
- 1971 taxation revenue, \$1,499.7 million rose 2.8% versus 10.5% in the
  previous year, with the main Property Tax Reduction Program allowed for in
  both cases. If allowance is made for the supplementary payments under the
  program, the increases respectively drop to 0.5% and 8.5%.
- Provincial grants paid to municipalities and school boards, \$1,701.3 million, equalled 113.4% of 1971 taxation revenue. This compares to 97.1% in 1970. Again, allowing for the supplementary payments, these ratios rise to 115.2% and 99.2% respectively.
- 1971 operating revenues were reported to be \$2,218.3 million, up 7.2%. The
  increase in such revenues slightly exceeded the rise in expenditures. As a
  result, there was an aggregate \$3.7 million surplus.
- Contributions to education, coming from local taxation in 1971 totalled \$756.6 million. They accounted for 35.2% of local municipalities' total revenue. The figures for 1970 were \$817.6 million and 40.4%.
- 1971 capital expenditures reached a record \$433.3 million, up 27.4% from 1970.
   A net \$130.8 million, or 30.2%, of such expenditures still needed to be permanently financed at the end of 1971.
- At the end of 1971, taxes receivable totalled \$128.5 millions (before \$9.5 million allowance for uncollectable taxes), representing 8.6% of aggregate 1971 tax rolls. The year earlier figures were \$132.2 millions and 9.1%.
- Net long term liabilities of municipalities and their enterprises were \$1,706.1 million (excluding \$348.9 million for certain school board debt reported herein) at year end 1971. The year to year increase was \$65.0 million or 4.0%.

|                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                       | DEMOGR
